About the programme

With over 10 years experience running successful mentoring programmes, we're inviting senior finance leaders from the creative industries to become a Mentor for our 2025 cohort of Finance Manager's / FC-level Mentees.

This is the first time that we have opened our mentoring programme solely to finance professionals and would value your participation and support in shaping its direction.

Handle's role is to manage, facilitate and administer the scheme, providing all necessary materials and guidance to Mentors and Mentees throughout the relationship. Your role will be to support the next generation of finance leaders by sharing your wisdom, providing guidance and challenging perspectives.
